

Warm-Up: Human Scavenger Hunt (15 min.)

Procedure (5 minutes)

1. Ask participants what a scavenger hunt is? (A game in which you have to look for hidden items). Explain the in this activity we will be playing a “human scavenger” in which they will have to look for people rather objects.
2. Distribute copies of the Human Scavenger Hunt and a pen to participants.
3. Instruct participants to review the sheet that says, “find someone who...”
4. The object of the game is to try to complete as much of the sheet as they can (there will be approximately 5 statements) by having different people sign their paper if they fit the description of one of the items. For example, if the paper says, find someone who... likes rap music, they must walk around the room and find someone who likes rap to sign their paper. The participants must follow three simple rules:
 - They cannot sign their own paper
 - They cannot get someone to sign their paper more than once
 - They must find out the answer to the question being asked

Processing (10 min.)

- Go over responses (possibly only review half of the responses)?
- Did you notice anything about the questions (if there is a theme behind the questions)?
- Did you learn anything new (about the questions or about someone in the room)?

Human Scavenger Hunt

Find Someone Who...

1. Was born the same month as you _____

2. Knows what the rainbow flag stands for _____

Answer _____
